## Mechanical Engineer

### Description

#### Job Description:

Nasser Centre for Science and Technology is seeking a qualified and motivated Mechanical Engineer to join our team. The successful candidate will be responsible for maintaining mechanical systems and supporting engineering operations.

#### Responsibilities:

- Design and maintain mechanical systems and equipment.
- Perform inspections and preventive maintenance.
- Diagnose and resolve mechanical issues.
- Ensure compliance with safety and operational standards.
- Prepare technical documentation and reports.
- Support engineering projects and workshops.

#### Qualifications and Skills:

- Bachelor's degree in Mechanical Engineering or a related field.
- Strong understanding of mechanical systems and maintenance.
- Good analytical and problem-solving skills.
- Ability to work in a team environment.
- 2–5 years of relevant experience.
- Proficiency in engineering software and applications such as AutoCAD, SolidWorks, and 3D printing technologies.
- Strong technical skills and ability to utilize modern engineering tools.
